Your Excellency,

In light of the devastating events affecting southern Poland, we urgently appeal to you for help.

Poland, as well as several countries in central Europe, has been hit hard by the flooding Apocalypse. Flood waters are still high and the situation remains very tense in parts of the country.

At present, the citizens and authorities of Wrocław, a large city in southwestern Poland, are working feverishly to prepare for a dramatic rise in flood waters.

Many cities and villages have been flooded, with the clean-up likely to take weeks or even months. Their inhabitants are still without electricity, gas or water. There has been a great deal of human and financial suffering, with lives being lost and with the full extent of the damage yet unknown.

The Polish Association of the Order of Malta is providing assistance efforts to help the victims of the flood. We have launched a fundraising campaign from which the funds will be transferred to our medical relief corps (MSM), and we collect basic necessities like bottled water, detergents, food in 3 cities. Our volunteers have been called upon to join teams removing debris and mud from the city of Nysa. The Polish Association of the Order of Malta's medical relief corps, with units in Czechowice-Dziedzice, Nysa, and other cities in southern Poland, is operating at full capacity, supporting rescue and medical efforts, saving lives, health, and property.

We would like to request help from our friends at the Order of Malta. The most effective way would be to contribute to our fundraising, which will help our medical relief teams quickly deliver aid, where it is most needed.
